DIGEST OF AUTO-MOBILE LAWS.

What the Laws of Florida Require.--All Machines Must Be Registered.
A Good Law Enacted.

Florida, about the last State in the Union to enact automobile laws, has started in very moderately, much to the appreciation of the many people that are now taking their automobiles with them to the Southland.

The automobile law for Florida enacted during the last session of the State Legislature provides for a license registration of \$2.00 only, and this is not necessary unless an automobile is kept in the State longer than 30 days. The owner of each automobile must specify particulars in regard to his machine and notify the Secretary of State if he sells the machine or exchanges it, and the transfer will cost \$2.00 more.

The speed law is very moderate, inasmuch that it says that "no person" shall operate a vehicle on a public highway at a rate of speed greater than is proper or reasonable, having due regard to the traffic and use of the highway, or so as not to endanger life or limb of any person, or the safety of any property. On approaching curves, bridges and crossings, a speed of four miles per hour is the limit, but of course the Florida legislature forgot that the American mile walking record is 6 minutes 29 3-5 seconds, and this expecting an automobile to go two minutes and one-half to the mile slower than a man can walk is conducive to slow moving in

Florida. Lamps must be carried from sundown to sunrise, and any old thing to make a noise will do to warn people to get out of the way. The thirty day free of charge section is operative only to those who have taken out licenses in other States.

Another act dealing with automobile racing was passed by the Florida legislature which gives all control of automobile race courses in charge of the sheriff of a county, who is at liberty to appoint as many deputies as he cares to. The promoters of races to pay the bill. It gives the sheriff power to keep the course clear and prevent entrance to same thirty minutes before the race starts and also gives the sheriff power of arrest to which a fine is also added, sufficiently large to make things interesting. Florida is certainly keeping pace with the times.

Oyster Supper and Bazaar.
The Baptist bazaar and oyster supper given last night, at the Armory, was not the success that the affair merited due to the fact that the weather was disagreeable. Those who did attend report a very nice time. A small sum was realized.

*Get your auto numbers of Pettepher. The new law requires that all machines be numbered. Stock on hand. if

DEPUTY SHERIFF JOHNS KILLED

Mysterious Death of Well Known Officer Near Fernandina--A Party Suspected.

Deputy Sheriff E. E. Johns was foully murdered near this city last Wednesday, says a Fernandina dispatch to the Jacksonville Metropolis, and there is great excitement here, as his body was found last night with a bullet hole through his skull.

On Wednesday morning, a man calling himself Abe Brown, came to Fernandina and swore out a warrant for a man named Doty, alleging that Doty had stolen some fishing nets. The warrant was given to Deputy Sheriff Johns to serve, and he left town in a buggy to make the arrest.

Mr. Johns did not return to the city Wednesday and his absence caused considerable uneasiness, and yesterday morning searching parties were organized, and about noon the horse and buggy were found at Davis' crossing. The search was continued for Mr. Johns last night between the hammock and the beach, and Mr. Johns' body was finally found lying in the hammock near the beach.

Two Cases in Mayor's Court.

Two white men were arraigned before Mayor Smith, in the City Court this morning. One was arrested on the charge of being drunk and disorderly. He was fined \$3 and costs. The other man, who is a brother, was arrested and fined \$5 and costs for interfering with an officer in the discharge of his duties.

E. D. Langworthy returned last night from a business trip to Palatka and Jacksonville.

Mr. and Mrs. Amos Twining and the former's brother, who arrived here a day or two ago from Haskins, Ohio, have rented from Smith & Thomas the west house of the old Campbell property. The trio are delighted with Daytona.

Today there is a noticeable change in the weather, but it is somewhat better than a rainy spell and in consequence, the public is pleased, and especially the business people, for, with a cold spell, business in every line is benefited.

BOARD OF PUBLIC INSTRUCTION

Regular Meeting Held at the County Capitol--Much Business Transacted. Last 1905 Session

The Board of Public Instruction was in session Monday and Tuesday, being its last 1905 session, with all members present, and the following business was transacted by it:

In regard to the complaint from Kingston, no action was taken at this meeting of the Board.

The superintendent reported that Midway and Clifton schools had been discontinued, they having failed to report the required average attendance.

The matter of filling a vacancy in the Deland school was referred to the superintendent with power to act in the premises. The superintendent reported the following additional appointments to schools, all colored:

Rose Bay--Jennie A. Young.
Port Orange--Olivia A. Pierce.
New Smyrna--Ida K. Simonds.
E. L. Smith was appointed superintendent of Blake school, upon petition requesting same.

The south boundary line of the Blake School district was, upon motion changed from boundary line of Commissioner's district to the northern boundary line of the Port Orange Special Tax School District line.

The chairman and the Superintendent were requested to meet December 23, 1905, and draw warrants for teachers' salaries whose reports for 20 days taught were in the Superintendent's office at that time.

It was decided that schools should close for Christmas vacation Tuesday, December 22, 1905, and open Monday, January 8th, provided that rural schools might dismiss for one week only if permission is obtained from the Superintendent.

The books of the County Treasurer were presented, audited and found correct, old warrants cancelled, and warrants drawn in settlement of the current bills for November.

Very little other than routine business being before the Board, Tuesday morning it adjourned until the next regular meeting, first Monday in January, 1906.

YELLOW FEVER UNDER CONTROL.

The Havana Health Authorities are Making a Vigorous Campaign to Thoroughly Stamp it Out.

On account of the prevalence of yellow fever in Havana and the timidity of many to go there for that reason the following from the Daily Telegraph of recent date will be interesting and instructive.

"The sanitary authorities announced that they believed the yellow fever situation was under their control at present, and that they had acted in time to prevent an epidemic from spreading over the city, though they readily admitted that they expected a few more cases. They are working diligently, however, in an effort to rid the city of the infected stegomyia, as well as all other mosquitoes, and as the necessary funds required for fighting this pest are forthcoming, believe they will be able to rid the city permanently of yellow fever.

"In an interview with a reporter of The Telegraph, Dr. Barnett stated that the authorities thought they had the spread of the disease under control; that they had in every case traced the foci and taken precautions as to the spreading of the disease. He stated that the authorities were now taking steps to stamp out permanently the yellow fever in Havana, and for that matter in Cuba, and as the president had decreed them all the necessary money, they felt sure they would succeed in this undertaking.

Building Automobile Garage.

F. C. Buffum, of the Motor Transit Company, has carpenters at work building an automobile garage, off from Volusia avenue. The dimensions of the place are 33x18 feet. Mr. Buffum received two machines the early part of the week, which are now in the shop, being overhauled and repaired. He expects three more early next week.

J. W. Fulgham, of Espanola, who owns a general merchandise store at Kingston, is in the city on business.

MILLION BOXES ORANGES SHIPPED.

Conservative Estimate Places That Many More in the State.-- An Abundance of Indian River Russets.

A conservative estimate of men who are acquainted with, and who have watched the movement of oranges from the State since the season first opened, is that 50 per cent of the season's crop has moved from the State already, which amounts to 1,000,000 boxes.

According to this estimate 1,000,000 boxes and over are still in the State ready for shipment. Florida's best oranges, including the Indian River brights, are being sold in the local markets at from \$2 to \$2.50 a box.

Grapefruit is selling in the local markets at from \$2.50 to \$3.50 a box. Before Christmas, according to local fruit dealers, the prices will increase, but not to a very great extent. All russet oranges are selling in the local markets the same as the brights, for the Florida people know that this class of fruit is as sweet in flavor as any other.

The movement of oranges at present is very heavy. The cooler weather makes the fruit carry better, and is stimulating the trade throughout the country. At present all grades of Florida oranges are plentiful in the local markets.

There is an abundance of Indian river russets this season, which are fine flavored and thin skinned. None of these varieties must be confounded with the ordinary oranges sold at low prices.

They are larger and finer in every way, and command a comparatively high price.

The pineapple oranges grown in the Indian river territory are said to be the finest quality of Florida fruit, and is now bringing a better price than any other class.

Cash Register Cost \$650.

A cash register, the only one of its kind that ever came to Daytona, has been purchased by J. A. Hendricks. The register stands several feet high, and is an elegant device. The machine cost \$650.

Mrs. J. C. Young and daughter, who have been visiting Mrs. W. S. VanSickle, left on the forenoon train for Daytona, where they will spend the winter. They are from Frankfort, Ind.--St. Augustine Record.

The December term of the Criminal Court of Record will convene on Tuesday at DeLand. The docket will be quite heavy and there will be a number of people from here to go as witnesses in several of the cases.

*Until April, on all orders left at Wray's music store, upright pianos in Daytona, will be tuned for two dollars.

A Poem for Today

WINGS OF A DOVE
By Henry Van Dyke

At sunset, when the rosy light was dying
Far down the pathway of the west,
I saw a lonely dove in silence flying,
To be at rest.

"Pilgrim of air," I cried, "could I but borrow
Thy wandering wings, thy freedom blest,
I'd fly away from every careful sorrow
And find my rest."

But when the dusk a filmy veil was weaving,
Back came the dove to seek her nest,
Deep in the forest, where her mate was grieving--
There was true rest.

Peace, heart of mine! No longer sigh to wander;
Lose not thy life in fruitless quest.
There are no happy islands over yonder;
Come home and rest.

Christmas is Near at Hand.

You ought to get your advertising copy in for the CHRISTMAS TRADE and

RUN IT DAILY.

A Poem for Today

THE LAST ROSE OF SUMMER
By Thomas Moore

THOMAS MOORE, "the sweet singer of Ireland," was born at Dublin May 23, 1779, and died in England Feb. 26, 1852. Moore received a liberal education and traveled in America in 1803 and 1804. His poems, particularly "Lalla Rookh," were very successful and netted him a competency besides them, he wrote a life of Byron (with whom he was intimate), a history of Ireland and other works. He is now the most popular of Irish poets.

THE LAST ROSE OF SUMMER
Left blooming alone;
All her lovely companions
Are faded and gone;
No flower of her kindred,
No rosebud, is nigh;
To reflect back her blushes
Or give sigh for sigh.
I'll not leave thee, thou lone one,
To pine on the stem;
Since the lovely are sleeping,
Go, sleep thou with them.

Thus kindly I scatter
Thy leaves o'er the bed
Where thy mates of the garden
Lie scentless and dead.
So soon may I follow,
When friendships decay,
And from love's shining circle
The gems drop away;
When true hearts lie withered,
And fond ones are flown,
Oh, who would inhabit
This bleak world alone?

A Chinese Custom.
A quaint custom practiced by Chinese mothers when a child is restless and does not sleep is to write the following verse and pin a copy of it on each of the four corners of the house, that the passerby may read and the child find rest. Literally translated the verse reads:
Brilliant sparkling heaven.
Brilliant sparkling earth.
In my house there is a child who cries at night.
The gentlemen coming from the four quarters behold
Peaceful sleep till break of day.

Strange Condition.
A negro woman was heard to remark that she was going to build a cotillion to her residence as she had been told that her friends would not be silly.
She was "going to have a purgatory on top of the house and a memorandum all lit up with indecent light for 'em to remonate on."—Memphis Scimitar.

Low Tide on the Beach.

HOTEL NEWS

Fred J. Thyson, of St. Louis, Mo., is
stopping at The Austin.

William H. Bidgood, of New York
City, is registered at The Austin.

Dr. M. E. Connor, a well-known New
York physician, is a guest of Schmidt's
Villa.

Miss Jannie Mitchell, of Indiana, is in
the city and is stopping at the Troy
House.

John Penney, head chef for the Ridge-
wood Hotel, arrived in the city last
night from Boston.

Harry Burns of the Georgia Southern
and Florida Railway with headquarters
at Chicago, is a guest of The Austin.

General Anderson, the father of John
Anderson of the Hotel Ormond, died
last week at his home in Portland, Me.,
at the age of 83 years. General Ander-
son has spent many winters at Ormond,
and his genial presence will be missed
this season.

C. O. Chamberlain, proprietor of the
Palmetto House, of this place, has
secured the services of J. Emerson
Bodge, the popular chief clerk at the
Blyman, Magnolia, Mass., for this
season. Mr. Bodge has had a successful
and wide hotel experience, and his
many friends will be delighted to see
him in Daytona this winter. Mr. Cham-
berlain will open the Palmetto the 15th
of this month.

At the Aragon Hotel yesterday R. F.
Rogers, of Lake City, says the Times-
Union, a well-known turpentine op-
erator, bought, for a consideration of about
\$70,000, a part interest in lands owned
by Charles V. Miller, of Ocala. For
some time Mr. Rogers has been seeking
good turpentine lands about Ocala, and
finally settled upon a portion of a tract
owned by Mr. Miller, near Ocala. It
was learned that county convicts will be
worked on the tract in boxing the trees
for turpentine purposes.

The Drum.

The history of the drum goes back
to the childhood of the world. The
Greeks ascribe its invention to Bac-
chus. The Egyptians had it at least
1,600 years before Christ. Pizarro
found drums in South American tem-
ples. The snakes of Ireland, we are
told, died from the island before the
drumbeats of St. Patrick. Our Puritan
ancestors used the drum as a
church bell. When Sir Edmund Andros
ordered the drums to "strike up" to
drown the voice of protesting colonists,
the light in the Hartford council cham-
ber went out and the charter of Con-
necticut disappeared in the darkness
to the safer shade of the Charter oak.
—Youth's Companion.

The Dog and His Master.

Men and women are very much like
clocks. Some are always on time, some
are never on time, some are always in
order, some are never in order. And,
while you may be able to tell some-
thing of a family by its timepiece, you
can tell more by the nature of the dog
that greets you at the gate. A dog
grows up after the fashion of its mas-
ter or its mistress; a kind gentleman
will not have an ugly brute on his
place. —Exchange.

Wake Up.

The tourist season of 1905-6 is now
practically open. Many of our hotels
are now receiving guests and the pleas-
ing intelligence is coming in from all di-
rections that we shall have a crowd.
Under the circumstances it is of vital
importance to our welfare as a tourist
town that we put forth our best efforts
to make the city more acceptable to
visitors than it has hitherto been. The
world moves and it will not do to rest
on past successes; we must try and do
a little better than we have ever done
before. We should first of all see to it
that our city is as clean as possible, for
there are those who will not tolerate un-
tidiness to any extent whatever. Nor
should they. If this city is not old
enough to keep its face clean, it is al-
most, and it is full time we realize the
fact. Then, too, a little paint does not
cost much, but it adds immensely to the
appearance of our homes, both outside
and in. Travel through the State, and
the first thing that attracts your atten-
tion will be the increased number of
houses that have been beautified in this
manner. In fact the whole country is
showing its appreciation of the blessings
showered upon us by working for the
general improvement of conditions
about us, and the result is manifestly
for the good of all classes of our people.
The above is taken from the Record
of St. Augustine. If not only applies to
the Ancient City, but it will suit Day-
tona also.

A Mob.

A mob is usually a creature of very
mysterious existence, particularly in a
large city. Where it comes from or
whether it goes few men can tell. As-
sembling and dispersing with equal
suddenness, it is as difficult to follow
to its various sources as the sea itself,
nor does the parallel stop here, for
the ocean is not more fickle and uncer-
tain, more terrible when aroused, more
unreasonable or more cruel. —Dickens.

Choosing a Wife.

The plaiest features become hand-
some unwarres when associated only
with kind feelings and the loveliest
face disagreeable when fluted with ill
humor or caprice. People should re-
member this when they are selecting a
face which they are to see every
morning across the breakfast table for
the remainder of their lives. —N. P.
Willis.

Real Enjoyment.

"Yes, you can spend the day at
grandpa's, but he is a good boy or your
papa will whip you."
"Yes'm."

"I don't see how you get so much
enjoyment out of talking to grandpa."
"I get him to tell me about the tick-
tacks he used to give pop." —Houston
Post.

The Work of the Heart.

One of the most remarkable things
about the heart is the amount of work
it does. Considering the organ as a
pump whose task is to deliver a known
quantity of blood against a known
"head," it is easy to show that in twen-
ty-four hours a man's heart does about
124 foot tons of work. "In other
words," says a contemporary, "if the
whole force expended by the heart in
twenty-four hours were gathered into
one huge stroke, such a power would
lift 124 tons one foot from the ground.
A similar calculation has been made
respecting the amount of work expend-
ed by the muscles involved in breath-
ing. In twenty-four hours these mus-
cles do about twenty-one foot tons of
work."

The Growler.

There is nothing easier to acquire
than a fretful, complaining spirit. It
is a foolish habit to borrow trouble or
meet it halfway. Cultivate a cheerful
mind and heart, and much imaginary
trouble can be avoided.

TERSELY TOLD LOCAL ITEMS...

Fathers are completing the work of
brightening up the bright house.

Miss Bertha Pelletier left the attraction
for Port Orange, where she has
visiting relatives.

An advance car for Mrs. Rice, circuit
passed through here last night en route
to New Smyrna. This circuit will then
leave on the 23rd inst.

The E. W. Bond Company is preparing
the reconstruction of this building of
late. Plans, which were recently de-
stroyed by fire, are being put up, and
are being set.

A handsome team has been arrived
off the city yesterday afternoon. The
team is owned by W. L. Miles, of Pitts-
burgh, who is one of the officers of the
Minor National Bank.

There is but little more than two
weeks before Christmas and the new
merchandise that will get the bulk of
the Christmas trade will now begin to
prepare for sale. The Daily News
reaches its patrons six times a week and
the value of this advertising cannot be
overstated.

Preparations are being made by the
executives of the State for the holding of
the annual meeting of the Florida Educa-
tional Association to be held at Miami
on December 27, 28 and 29. The full
results and program have been quoted
in our issue of the 25th inst.

Druggists in Daytona have received
notice that the time for selling patent
medicines contained therein, has been
extended to April 1st. The reason for
this is another month, starting from
December 1st. In most instances the
druggists have little of the medicine
under the law in stock, and so decide
this will be well developed.

G. P. Bartlett, general agent of the
Lumber Co. of Nashville, Edgewood, Tenn.,
with headquarters in Jacksonville, one
of the most popular and efficient
transportation officials in this city, has
received a well-deserved promotion. He
has been appointed to the position of
general freight agent of the L. & N.
with headquarters in New York.

Daytona Daily News

Deputy United States Marshal Green,
who went to the extension camp of the
F. E. C. Railway in the early several
days ago, returned. Whooping cough,
being his primary. Charles Ferguson
and Robert Gledhill, who are
charged with selling liquor without a
license. One of the men was operating
on a boat, and the other on land. A
quantity of liquor was also seized and
might have a seizure. Miami Re-
porter.

JACKSONVILLE'S EXPOSITION

Will Open on January 4, Lasting for
Two Weeks—A Great Exhibit of
Pure Food, Etc.

The Manufacturers' Pure Food and
Industrial Exposition will open in Jack-
sonville on January 4, and will continue
until the 18th.

It was first proposed by the promoters
to hold a Pure Food Show, on the order
of those that have been successfully
held from time to time in important cen-
ters of the North and West. Working
on this plan, the company met with the
heartiest cooperation of the large man-
ufacturers of food stuffs of the country,
many of them being interested in the
exposition through the local papers
representing them in Florida.

There will be a display in the latest
models of automobiles, vehicles, ma-
chinery, power, printing machines, etc.
The exposition company has engaged
many of the amusement features which
the Tampa Fair, and Jacksonville Car-
nival Association previously had.

The handsome building on the site of
the old St. Johns Hotel in Jacksonville,
the heart of the city, is now nearing
completion. It covers an area of over
10,000 square feet and is striking in
architectural effect.

Its immense glass-domed roof and
hundreds of windows on the sides will
give it perfect light advantages in the
day, and thousands of electric lights
will brilliantly illuminate it at night.

The Weather.
For East Florida—Fair tonight and
colder in north and center portion, pos-
sibly light frost in north portion. Sun-
day fair.

Fishermen Arrested.
Capt. Warder Knott, of Deland,
Thursday afternoon arrested two local
fishermen on the charge of shipping
salmon to export without having the
package properly marked. If it were
the export, salmon, was also arrested.
The case will come up at this time of
court on Tuesday.

Tomorrow being Sunday, the usual
service will take place in all the
churches. The pastors of the different
places of worship will preside. If the
day is fair, the congregations will likely
be large.

The State Educational Board has de-
cided not to fight the Florida School for
the Deaf and Blind at St. Augustine
with electricity. They expect to begin
the erection of a new brick school within
a few months.

Less Than Six Cents.
"But," protested the leader who had
suggested for a constitutional clerk,
"You want too much money." "I had
a great deal of experience in the law-
firm business," urged the applicant.
"But you ask too much for it." "My
last job, I assure you I'll offer it to
you for much less than it cost me,"
Philadelphia Ledger.

...Wanted... 1,000 Reporters!

The Daily News wants 1,000 reporters. No, this is not
a joke. We really want them, and we won't be happy until
we get them.

In other words, The Daily News wants every person,
male and female, 16 years of age and over, in Daytona and
its environs, to get on the staff of the paper. The Daily News
wants every scrap of local news that is worth printing to ap-
pear in its columns. The best way to get it is to ask the
people who know about the news to send it to the paper.

Send you know of anything that has happened, or is
about to happen, tell the City Editor about it or write to him.
Let every man and woman, youth and maid in and
around Daytona become a reporter for The Daily News.

DAYTONA is situated upon the west bank of the Halifax River at its widest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowned by nature with a most royal growth of majestic forest trees, and among these trees is the town of today, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lovely live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palm-trees, glossy-leaved magnolias, fragrant bay and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the angelica climb and cling among the branches forming shady hovers and adding grace and beauty.

The town lies parallel with the Halifax River and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street, which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and about and across which comes the cooling, invigorating and health-giving breeze from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, macadam and shell roads and streets, rendering it the

Wheelman's Paradise
and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivaled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages
that have been erected during the past years and are being built are rendering Daytona as famous for its fine houses as for its beautiful river, trees and avenues, and they are adding yearly to its attractions.

Not the least of these attractions to those securing homes in the South, and ranking second only to health, fairness and perfection of climate is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, movie works, an opera house, electric lights for street and house illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply
which is derived from numerous flowing wells, of which there are probably 300 in the corporate limits. This flow is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with manganese and iron, and holds sulphur in the shape of gas, which soon passes away.

The Population of Daytona
proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at Kington, Blakes, Old Seabreeze or

Goodall, Seabreeze and Silver Beach, which are properly a part of the town and population.

Daytona Beach
lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect in comfort as Daytona beach.

Automobile Race Meet.
The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as macadam, and an ideal stretch of thirty or more miles without a break makes it the natural racing-ground for America.

At low tide the beach is bare for 300 feet and neither carriage wheel, bicycle or pedestrian can make a readily visible imprint on the smooth sand. It is no uncommon sight to see a fleet of bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled, palm-fringed boulevards bring the lovers of the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at oblique, measures of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and also highly safe place for surf bathing. Here the infant as well as the gray-haired veteran of many summers, can safely enjoy the luxury of a sea bath throughout the larger part of the year while the strong and expert swimmer can venture out further to test his strength and skill in battling with the invincible powers of the mighty ocean.

The Peninsula
lying between river and ocean is one half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, a permanent house, two ocean piers, a beach pavilion and a large casino.

A Remarkable Feature
at Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become awakened to its advantages for winter residences, and valuable lots are being purchased and costly homes, beautiful in design and finish, are being erected, and beautiful homes, the abode of wealth and culture are multiplying.

Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona.

At the foot of Ocean Boulevard Seabreeze, a pier reaches 400 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalla, whiting, drum, sheephead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pound of this gamey fish in an afternoon. Individuals of them ranging from fifteen to thirty-five pounds in weight. Not only does the ocean offer this splendid sport but the Halifax River, only half a mile back of the ocean, is equally famous for its fine fishing and the varieties that abound in the ocean are present in the river. Hunting and fishing rood, experienced guides and dogs may be had at reasonable prices.

SOCIETY

S. J. Brown, of Savannah, is in the city on business.

Fred Middleton returned to the city last evening from Pittsburg.

Attorney Cary D. Landis, of DeLand, is in the city on legal business.

L. S. Roberts, of Jacksonville, is in the city attending to business affairs.

H. L. Bohlen is among the traveling salesmen in the city. He hails from Jacksonville.

Peter Hart has returned to the city for another season. He looks as if his summer outing agreed with him.

Mr. and Mrs. Samuel G. Chard arrived here last evening from Chicago. They expect to spend the winter in Daytona.

Henry Zoller, of Hoopston, Ill., a winter visitor has rented the east side of Judge Bach's house, on Bay street, through Smith & Thomas.

During yesterday's downpour J. C. Pettepher ran his auto bus for the benefit of the school children, thus many were saved a severe drenching through the kindness of Mr. Pettepher.

Major J. A. Crews, the ever bustling representative for the Florida Times-Union, arrived in Daytona yesterday afternoon, and is today getting business for his publication. Major Crews succeeded the late Major Peabody, of Sanford, who was known the length and breadth of the State.

J. R. Ellison of the Ponce Park Hotel spent yesterday in Daytona on business.

Joseph B. Wolf a well known traveling salesman of Atlanta, is in the city on business.

Mrs. L. M. Montgomery, has returned to her home in New Smyrna, after a visit here with relatives.

Two new trucks for the Southern Express Company have been received here, and are now being used.

Dr. and Mrs. W. C. McFadden, of Shelbyville, Indiana, arrived yesterday for the season. They are located at the Howard.

The Board of County Commissioners of Levy County have decided to begin construction of a new court house at Bronson.

C. B. Williams and family of Brighton, N. J., have returned to the city for another season. They have rented the Wicking cottage on North Beach street.

According to a city ordinance recently passed by the City Council of DeLand, a dealer in fire works must first pay a license of \$50 before he can sell a fire cracker.

Walter Hawkins, general agent of the Consolidated Fruit Company, is visiting east coast towns for the purpose of looking over the vegetable situation and next season's prospects.

A hospital has been established at Miami for the sick and wounded laborers employed on the East Coast Railway extension. Dr. James S. Jackson, Jr., has been placed in charge.

The Realty Trust Corporation is the name of a new concern, that has been organized in Miami, with a capital of \$100,000. The incorporators are J. J. Wilson, E. C. and J. C. Beck, Jr.

Bouquets from State Papers.

The Daytona Daily News has made its appearance for the winter season and it is certainly a healthy looking paper. The News has moved into fine new quarters, and is preparing as it should.—Fort Pierce News.

The Daytona Daily News has made its appearance and will continue through the tourist season. T. E. Fitzgerald is the editor and E. M. Canova the city editor. Both are young men of ability in the newspaper profession. The first issue of the paper was filled with news items and live advertising.—Palatka News.

The Daytona Daily News issued its first number for this season December 1. It is a 7-column folio, brim full of news, and is a credit alike to Daytona and its publishers.—St. Louis County Tribune.

The Daytona Daily Gazette-News has made its winter appearance, and we congratulate Brother Fitzgerald upon its neat and attractive make-up and its new columns. Its advertising columns, too, are well filled with live, attractive ads. The business men of Daytona are, as they should do, patronizing it. It will in future become an indispensable business institution for that live and growing town.—DeLand Record.

The Daytona Evening News made its first appearance for the season on Friday evening. It is a seven-column folio and a credit to the manager, Edward Fitzgerald.—Gainesville Sun.

"Breezy Times" To-Night.

The "Breezy Times" Company arrived in the city this morning from the south, and will make its appearance at the Opera House this evening. The show comes highly recommended, and it is quite probable that they will be greeted by a good house.

The new plant of The Live Oak Democrat, is now being installed. The new machinery is of the latest style, and will cost about \$8,000. The daily edition of that paper despite the set back seems to be flourishing.
